- **B.Tech. CSE** — Echelon Institute of Technology | Oct 2021 - Jun 2025
CGPA: 8.11/10
 - **12th** — Kendriya Vidyalaya AFS Bawana | Apr 2020 - Mar 2021
Percentage: 94.8%
 - **10th** — Maharaja Agarsain Public School, Narela | Apr 2018 - Mar 2019
Percentage: 91%
-

WORK EXPERIENCE

Individual Consultant | Skillsfy | WordPress | Apr 2024 – May 2024

- Developed and launched Skillsfy.in using WordPress, improving online presence and implementing responsive web design.
 - Customized themes and plugins for enhanced functionality, ensuring cross-browser compatibility and performance.
 - Followed Agile Development practices to manage updates and revisions effectively.
-

PROJECTS

URL Shortener (MERN Stack: MongoDB, Express.js, React.js, Node.js)

- Developed a full-stack URL shortener with custom REST API endpoints for efficient link management.
- Implemented MongoDB for scalable storage and retrieval of shortened URLs.
- Designed a mobile-responsive and cross-browser compatible UI, ensuring fast redirects.
- Deployed project on a cloud platform for scalability and real-world testing.

OptiCode – AI-Based Code Reviewer (React.js, Express.js, Gemini API)

- Created an AI-powered code reviewer integrating Gemini API, enhancing real-time code analysis and suggestions.
 - Automated error detection, REST API integration, and feedback loop for improved code quality.
 - Built using Agile Development methodology for iterative improvements and user feedback.
 - Delivered a smooth, responsive web interface compatible with all major browsers.
-

CERTIFICATIONS

- Introduction to MongoDB - MongoDB University (Aug 2024)
- Postman API Fundamentals Student Expert (Nov 2024)
- SQL (Basic) – HackerRank (Jan 2025)
- Problem Solving (Basic) – HackerRank (Mar 2025)
- Solved 190+ LeetCode problems
